Lessons Week 1

Review Test Submission: Week 1 Quiz

Review Test Submission: Week 1 Quiz

User	Jecsan Blanco Licano
Course	2019FA ARTIFICIAL INTEL (CS-3387-01)
Test	Week 1 Quiz
Started	8/30/19 9:30 AM
Submitted	8/30/19 9:42 AM
Status	Completed
Attempt	100 out of 100 points
Score	
Time Elapsed	11 minutes
Instructions	Be honest, don't look at what others are writing. I think that you don't want me to know you as a cheater, or something that you are not. It is OK if you don't know something and it is OK not to have a desire to learn anything about it. If you want to have a good grade in this class, well please, try to work hard, enjoy every second of it, and have fun. Show me yourself!

Question 1

10 out of 10 points

What do you expect from this class?

Please enter what do you expect from this class. Be as detailed as you want. In order to get a full credit for this question enter: I expect somewhere in the answer.

Question 2

10 out of 10 points

← OK

How many years of coding experience do you have?

Please, enter the amount of coding experience you have and which languages. Be as detailed as you want. In order to get a full credit for this question, please, enter the word years somewhere. For example the answer "0 years and 1 hour", "1 of all the years in my life" will give you a full credit, "3 decades", "1 year" will not give you any credit!

Question 3

10 out of 10 points

How would you rate your experience with Artificial Intelligence (AI)?

Please enter your level of experience with AI. Be as detailed as you want. In order to get a full credit enter the word level anywhere in the answer. For example "Master level", "I am at the so advanced level that I could make some AI in my sleep", "Absolute beginner level" would give you full credit, but "Master", "Advanced", "Beginner" would give you no credit.

Question 4

10 out of 10 points

How would you rate your experience with Machine Learning (ML)?

Please enter your level of experience with ML. Be as detailed as you want. In order to get a full credit enter the word level anywhere in the answer. For example "Master level", "I am at the so advanced level that I won several competitions making ML algorithms", "Absolute beginner level" would give you full credit, but "Master", "Advanced", "Beginner" would give you no credit.

Question 5

10 out of 10 points

How would you rate your experience with Deep Learning?

Please enter your level of experience with Deep Learning. Be as detailed as you want. In order to get a full credit enter the word level anywhere in the answer. For example "Master level", "I am at the so advanced level that Bengio, Le Cunn and Hinton consulted me before they published their papers", "Absolute beginner level" would give you full credit, but "Master", "Advanced", "Beginner" would give you

no credit.

Question 6

10 out of 10 points

How would you rate your experience with search algorithms?

Please enter your level of experience with search algorithms. Be as detailed as you want. In order to get a full credit enter the word level anywhere in the answer. For example "Master level", "I am at the so advanced level that A* is my middle name", "Absolute beginner level" would give you full credit, but "Master", "Advanced", "Beginner" would give you no credit.

Question 7

10 out of 10 points

How would you rate your experience with reinforcement learning?

Please enter your level of experience with reinforcement learning. Be as detailed as you want. In order to get a full credit enter the word level anywhere in the answer. For example "Master level", "I am at the so advanced level that utility functions I come up with result in immediate improvements", "Absolute beginner level" would give you full credit, but "Master", "Advanced", "Beginner" would give you no credit.

Question 8

10 out of 10 points

How would you rate your experience with game theory?

Please enter your level of experience with game theory. Be as detailed as you want. In order to get a full credit enter the word level anywhere in the answer. For example "Master level", "I am at the so advanced level that John Forbes Nash Jr. said I would continue his legacy and wanted to speak with me before he died", "Absolute beginner level" would give you full credit, but "Master", "Advanced", "Beginner" would give you no credit.

10 out of 10 points

Question 9

How would you rate your experience with Mathematical Logic?

Please enter your level of experience with Mathematical Logic. Be as detailed as you want. In order to get a full credit enter the word level anywhere in the answer. For example "Master level", "I am at the so advanced level that I develop formal theories every morning", "Absolute beginner level" would give you full credit, but "Master", "Advanced", "Beginner" would give you no credit.

Question 10

10 out of 10 points

Did you attend any hackathon?

Please enter whether you participated in hackathons. Be as detailed as you want. In order to get a full credit enter the word hackathon anywhere in the answer.
